## **NITIE RECORDS ONE OF THE BEST PLACEMENTS IN RECENT YEARS**

**Mumbai, March 05, 2018:** National Institute of Industrial Engineering (NITIE) concluded the 2018 campus placements last week. This year 132 companies visited the institute and picked up all the 393 students who had opted for placement through campus. In an extremely competitive job market, the students fared well, and the job roles and sectors were in line with their aspirations.

### **Highlights as per the placement report (PGDIE, PGIM, PGDMM, PGDISEM and PGDPM Courses)**

- 132 companies participated in the 2018 campus recruitment to hire the 393 students
- The average salary increased to Rs. 19.22 lakhs from Rs. 17.24 lakhs in the previous year
- The top salary package offered rose by as much as 14.22% at the campus recruitment
- More than 35 percent of the Class of 2018 received Pre-Placement Offers and Pre-Placement Interviews through their Summer internships at top corporate companies
- The season saw companies like Airtel, Accenture, Ab InBev, Amazon, Colgate Palmolive, Deloitte, E&Y, KPMG, HUL, P&G, Marico, Nestle, PwC SDC, PwC, to name a few
- NITIE remained the preferred campus for the b-school recruiters
- Key sectors included FMCG, IT & ITes, Consulting, Manufacturing & BFSI
- Most placements were within the country while some opted for placements overseas

### **Sector wise break-up of 2018 placement at NITIE**

Speaking on the 2018 placement report, Prof Hema Date, Dean of Student Affairs said, “We are very happy with the job offers this year. This means that the year ended on a good note. NITIE wishes the entire batch for a bright career.”

NITIE has had a 100% track record since its inception, be it summer placements or final job offers. A green eco-campus, housed in Mumbai competes silently with the country’s top engineering as well as management colleges and each year has it has just got better.

### **About NITIE**

National Institute of Industrial Engineering (NITIE) was set up in 1963 by the Government of India and aided by ILO. The purpose was to significantly increase the productivity of industries and maximize output from available resources. NITIE was started as the only training institute in the country that sought to teach specialized courses on materials management, work study, inventory control, shop floor management and personnel management to professionals. Today the institute offers some of the best courses as well as fellowship programmes. A fully residential education institute, located in a picturesque campus near the lakes of Powai & Vihar, NITIE is a pioneer in research-based Industrial Engineering and was positioned 12th among management schools in India by the National Institutional Ranking Framework in 2017 and 36<sup>th</sup> among the engineering institutes in the country. It also featured in India’s best B-schools 2017 list and was ranked 13<sup>th</sup> in the most recent BT MDRA Survey.
